DATE: December 30, 2025

SUBJECT: Regulatory Changes to Permanent Cosmetic Tattoo Curriculum and Performance Requirements

The Board for Barbers and Cosmetology has updated the curriculum and performance requirements for permanent cosmetic tattooing and master permanent cosmetic tattooing programs. **These new requirements will go into effect on January 5, 2026.** Permanent cosmetic tattooing schools must submit their updated curriculum documents by **April 1, 2026**. Schools that miss this deadline or fail to meet the new requirements will be considered out of compliance and will face administrative termination. Continuing to operate without an approved program may result in disciplinary action.

The following documents must be submitted to and approved by the Board in order to teach the updated curriculum:

1. A syllabus form (provided by the board)
OR
Updated syllabus complete with:
 - Course of study and hours of program
 - Textbooks used
 - Schedule
 - Days and times classes are held
 - Breaks to be given, as they cannot be counted towards the 1000 hours
 - If the course is full or part time. If one or the other is not offered, this must be specified
 - How long the program will take to complete in weeks
 - Online instruction information, if applicable
 - What topics are taught online — keep in mind only theory is allowed
 - What learning platform will be used
 - How long students will have to complete the online instruction
 - How student identity will be verified
2. A performance evaluation document (sample form provided by the board)
3. Course outline curriculum form (provided by the board)

All of the above MUST be submitted in order to be approved by the board. If you have both the basic and master programs, these documents must be submitted for each program respectively.

The Board has created and included several forms to assist you with providing the necessary information to be approved as quickly as possible. The use of these forms is not mandatory but will assist you with getting approval. If you choose not to use the forms, you must submit the required updated information in your own format. If desired, you can use the Board supplied forms for efficient approval and, at a later date, submit documents that reflect your school branding.

For your reference, the new curriculum requirements and FAQs concerning the updated curriculum are enclosed. The permanent cosmetic tattooing curriculum changes will also be uploaded to the DPOR website, the Virginia LIS (legislative information system) website, and the Virginia Townhall website.

You may contact the Board office by telephone at (804) 367-8509, or by email at rr-bchopschoolroster@dpwr.virginia.gov, with any questions that you may have pertaining to the information provided in this memo or any of the Board's programs.

Tattooing & Permanent Cosmetic Tattooing Curriculum Update - Frequently Asked Questions

Q: What exactly is changing?

A: None of the curriculum *topics* are changing. However, each topic is now assigned a specific number of hours within the curriculum. Same topics, new hours of instruction. For permanent cosmetic tattooers, the performance requirements have increased and are now completely defined.

Q: When do these changes become effective?

A: January 5th, 2026

Q: I already have students enrolled, how will these changes affect them?

A: Students enrolled in one of the affected programs before January 5th, 2026, will have to either:

1. Finish the program they started:
 - a. Students must complete the tattoo program by December 31st, 2026
 - b. Students must complete the permanent cosmetic tattoo program by June 30th, 2026.
 - c. Students must complete the master permanent cosmetic tattoo program by June 30th, 2026.

OR

2. Transfer to the new program

Whether transferring will benefit the student or not must be evaluated on a case-by-case basis. For example, a student who is nearly done with their program would not benefit from a transfer compared to someone who just started, or who may need to take a leave of absence. If a student can reasonably finish by the deadline, they should be fine without a transfer.

Q: Will graduates trained under the requirements effective before January 5th, 2026, still be eligible to sit for the state board exams?

A: Yes, as long as the program they completed was board-approved and in effect when they started it.

Q: What happens if a school does not have the new program approved by the effective date?

A: Schools without a new program approved by the board will not be able to enroll new students after the effective date. This is because after the effective date, the old programs will not exist.

Q: I am a school, what do I need to do?

A: New documentation will be required. All schools will be receiving an update packet via USPS Certified Mail and email containing information about the update, as well as a complete list of what to submit.

Find that complete list below:

- A syllabus form (provided by the board)
OR
Updated syllabus complete with:
 - Course of study and hours of program
 - Textbooks used
 - Schedule
 - Days and times classes are held
 - Breaks to be given, as they cannot be counted towards the 1000 hours
 - If the course is full or part time. If one or the other is not offered, this must be specified
 - How long the program will take to complete in weeks
 - Online instruction information, if applicable
 - What topics are taught online — keep in mind only theory is allowed
 - What learning platform will be used
 - How long students will have to complete the online instruction
 - How student identity will be verified
- Course outline curriculum form (provided by the board)
- For permanent cosmetic tattoo and master permanent cosmetic tattoo programs ONLY: A performance evaluation document (sample form provided by the board)
- All of the above MUST be submitted in order to be approved by the board

Q: When do I need to submit the new required documentation?

A: New documentation must be submitted to the Board by April 1, 2026. Schools that miss this deadline or fail to meet the new requirements will be considered out of compliance and will face administrative termination. Continuing to operate without an approved program may result in disciplinary action.

Q: When may I begin teaching the new curriculum?

A: Schools may begin offering the new curricula once their required documents have been approved by the Board.

Description: The Master Permanent Cosmetic Tattoo course is _____ (list the course hours here) clock hours and meets the requirements of "The Virginia State Board for Barbers and Cosmetology."

This program is designed to equip you with the knowledge and skills necessary to become a licensed master permanent cosmetic tattooer in Virginia. Through a combination of theory and hands-on practical, you will gain experience in safe practice of the art of master permanent cosmetic tattooing.

Course Objectives:

- Apply advanced clinical anatomy and color theory in complex permanent cosmetic tattoo procedures.
- Understand surgical and reconstructive processes and their impact on permanent cosmetic outcomes.
- Perform advanced client consultations involving medical considerations and documentation.
- Execute breast areolar pigmentation, including three-dimensional nipple reconstruction and scar blending.
- Apply advanced camouflage techniques for scars, burns, and skin irregularities.
- Identify contraindications, and when not to perform services.
- Demonstrate mastery of advanced permanent cosmetic tattooing procedures, including lips, areola, blush, camouflage, and eyeshadow.
- Prepare for and successfully pass the state licensing exam.

Would your school like to ask for approval to teach certain sections of the course online, along with the classroom request? Schools may offer non-traditional or 'online' instruction on all theory topics in their approved curriculum. Check one: Yes* or No

*If you answered "Yes," you must adhere to the procedures outlined in the Non-Traditional or Online Instruction Guidance Document.

Textbooks & Materials:

A required textbook, " _____ (Textbook Title)" will be used throughout the program. A list of additional recommended resources and any required supplies will be provided.

Grading Policy:

Your grade will be determined by a combination of factors, including:

- Class participation and attendance
- Performance in practical labs
- Written assignments and quizzes
- Final exams

Grading Scale:

A= _____ to _____ (list number grades)

B= _____ to _____ (list number grades)
